## Described & Captioned Media Program

### ***Our Mission:***

Our mission is to promote and provide equal access to communication and learning through described and captioned educational media.

### ***Our Goal:***

The ultimate goal of the DCMP is for accessible media to be an integral tool in the teaching and learning process for all stakeholders in the educational community, including students, educators and other school personnel, parents, service providers, businesses, and agencies.

## Student Accounts and Classes

### Classes

+ New Class

### Students

+ New Student

 Demefack, Carolyn

 Kaplan, Paula

 McCellen, Trish

Create Student Accounts, and, if you'd like, also create Classes to more quickly make assignments to an entire group of students. After creating each Student Account, you may select their viewable Grade Levels and Topics or skip this step and choose to set these options at the Class level.

If you prefer students only have access to videos you've assigned, skip the Grade Level and Topic sections on both Student Accounts and Classes, then assign individual media items to your Student or Class.

For more information on creating and managing Student Accounts and Classes, visit [DCMP's Help Center](#).

## New Student Account

[Back To Students](#)

You may also add a student using a [student share code](#) if you have one.

FIRST NAME \*

LAST NAME \*

USERNAME: \*

PASSWORD: \*

CONFIRM PSASWORD \*

Create Student

Once you have created a Student Account, you can assign media to that student by searching or browsing for the media item (or find it in your Favorites) and then clicking on the  assign media icon next to the media title. In the drop-down menu, check the student(s) or Class(es) to whom you wish to assign the video.

You can select appropriate Grade Level(s) and choose to grant access to all media items listed within a topic by editing the Viewable Media Section below.

For more information on creating an managing Student Accounts and Classes, visit DCMP's [Help Center](#).
